

Beehive The 60's Musical

The Fab show that's Groovy and Outta Sight!

The 1960s was a time of upheaval in virtually every part of American culture. From music to civil rights, music in the sixties immediately brings to mind some of the most iconic performers and events in 20th-century music history, including Janis Joplin, Jefferson Airplane, The Beatles and Woodstock. Rock 'n' roll trends of the 1950s evolved dramatically through the 1960s, leading to the counterculture of psychedelic and folk rock of the second half of the decade. The 1960s also saw the rise in popularity of funk and soul, with internationally recognized girl groups such as Diana Ross and the Supremes.

Woodland Theatre's spring show "*Beehive the 60's Musical*" highlights big voices with big hairdos. From Aretha Franklin to The Shirelles: Beehive is a wailing musical tribute to the ladies who unmistakably left their mark on '60s music. Rock out with "Somebody to Love," "Natural Woman," "My Boyfriend's Back," "One Fine Day," "Me and Bobby McGee" and more! The all-female cast of 9 women is ready to bring it!

Are you ready to feel the music and dance in the aisles? This would be a great family night, girl's night out, or a date night with your favorite person.
